Brigadier General Jack E. Thomas
Assistant Chief of Staff, Intelligence
United States Air Force
4A932, The Pentagon

Dear General Thomas:

The Director of Central Intelligence has approved steps to make the Conference Room of the United States Intelligence Board more attractive and functionally more useful to better serve the interests of the Board. We believe that it would be especially fitting in view of the overriding importance of the Board's responsibilities in the intelligence community that the insignia of each of the participating agencies would be appropriately displayed on the walls of the Board room. It is the intention that an artist would design the insignia reflecting the design and color of the original which each agency submits.

Would you be good enough to forward a copy of your insignia of the Department of the Air Force and advise the name of an officer with whom we may be in contact insofar as further inquiry is necessary. I have requested Mr. James Q. Reber, Chairman of the Fine Arts Commission of CIA, to supervise the work entailed in this project. He may be reached on [redacted] should you or your staff desire further information.
